

2025 Taiwan Dreamers Program

Proposal-Based Opportunities

Explore the Proposal Based Program

This curated collection features short-term academic and cultural exchange opportunities across Taiwan, designed for students and young professionals. Each program focuses on a unique theme—ranging from smart agriculture and sustainable tourism to cultural and sports diplomacy—and includes hands-on learning, site visits, and immersive cultural experiences.

Applicants will select one of the preset programs and submit a short proposal using the official template. The proposal should explain why the chosen program aligns with their goals, interests, or experience.

How to Navigate the Options

Each program includes the host institution, location, and program dates, along with a brief overview of the activities you can expect—from academic courses and field trips to hands-on cultural experiences. Programs are grouped by theme to help you identify the opportunity that best aligns with your interests and professional goals.

Smart Agriculture

This track is ideal for students and early-career professionals in agriculture, environmental science, food systems, or rural development. It's especially suited for those interested in practical experience with sustainable farming techniques, agri-tech tools, and resource-efficient systems like biogas and solar power. Whether you're studying plant sciences or working in community agriculture, this program offers real-world exposure to climate-resilient practices in action.

Application Process

This year, applicants will choose from a set of curated programs in Taiwan focused on Smart Agriculture, Sustainable Tourism, or Cultural and Sports Diplomacy. Once a program is selected, applicants must use the official proposal template to explain their motivation, what they hope to gain from the experience, and how the program aligns with their personal or professional goals.

To apply, submit a completed application form, a written proposal using the provided template, and a profile photo to the Taiwan Embassy in Palau by July 4, 2025 (Embassy is located Third floor of Ben Franklin). Applicants may only apply to one program. Application materials and detailed guidelines can be downloaded from the Taiwan Embassy website under the Taiwan Global Pathfinders Initiative section.

If you need assistance or a printed copy, contact Chief Sylvester Francis Alonz at sylvestera@palaugov.org or call 775-8839 or 488-2626.
